Southeast, Inc.

Laura Weisel
Executive Consultant
TLP Group

Steve Wilson
Psychologist/Joyologist
Steve Wilson and Company

Lance Schneiderman
Chairwoman
MI/CD/MR Program
Columbus State
Community College

You have my personal gratitude for generously presenting your top-notch program at our Scholarship Fund fundraiser, in Columbus, Ohio, Friday, May 13, 2005. "Think, Get Out of, and Stay Out of the Box!" The crowd reaction was more than enthusiastic. You hit the nail on the head to accomplish our target goals of providing an outstanding program while raising significant funds to provide full-paid scholarships to promising students who will enter the fields of mental health, chemical dependency, or mental retardation.

John, our planning committee is in awe of your talent, and has expressed their complete delight that your professionalism, platform skills, and talent made this a mutually rewarding experience.

The audience left knowing how to be creative in dealing with stress in their own lives and for the clients. Your program helped people take care of themselves in the face of health-work-life challenges and setbacks, as well as showing the power of laughter and humor as a way to find balance in an un-balanced world. Your contribution of motivation, mirth, and energy made a real difference for about 200 human service workers from Ohio.

We enjoyed your company at the Presenter's Dinner that was hosted by Dr. Valeriana Moeller, President of Columbus State Community College. You are the 'real deal' and I would be happy to serve as a reference for you anytime.

Wishing every success to which you may aspire,

A handwritten signature in dark ink, appearing to read 'Steve', written over a light blue circular background.

Stephen H. Wilson, Psychologist
