Dear John,

I wanted to thank you for the inspiring and entertaining presentation you gave at our first annual Finance Leadership Awards Luncheon. You helped make our event very special. The response from the employees has been extremely positive, and they felt very inspired by your message. We can directly attribute this to your fine presentation. Your energy and enthusiasm was highly contagious. Best wishes for your continued success; you certainly have my recommendation to any group that is looking for a dynamic, impactful speaker.

Thank you again for being part of our special event.

Sincerely,

Jesse Grissom
